

# Precious Living People

Reflection, Humility & Gratitude

The Global Family Group extends its heart light lighthouse to sensitively light the new year with nature's clear channel of harmony, good will, caring and sharing and unconditional love for 8 billion people. We now greet Love-Onomics, a time event that has never occurred in the history of mankind.

Our sensitivity recognizes the historical evil patterns that have occurred, and we are here to say we are done with evil! We are consciously choosing to 528hertz harmonize with nature's pure unconditional love heart light clear channel energy frequency, and vibration patterns.

The first wave of our Global Tsunami has reached its climax and the **American Federation Dollar is now fully active and resonates with the Harmony Digital Currency** poised for the world.

Perhaps you enjoyed our first Vendor newsletter, and if so, we thank you for your response. The first and only Unincorporated Business Directory on the Land & Soil is growing in momentum in 528 hertz frequency with all the Vendors on Wave 1.

If you are on Wave 2, please know that we had a small internal issue with those accounts and we will be contacting everyone for resolution and full activation soon.

In the meantime...Vendor Accounts established are active with the G.I.F.T.S. system. A overview of the Vendor Prosperity Tools is available here for [download](#).

**Let's reflect on this year of 2025:** In numerology, that is a 9 year completion, bringing in a Universal 1 year, 2026. That number equates to new beginnings, new courage, initiation, independence and taking action. Does this sound familiar? New ideas will be replacing outdated systems, and people will be choosing autonomy over conformity to pursue life, 528hertz love and the pursuit of happiness, self-governing in nature's clear channel energy frequency and vibration patterns.

For several years we have been building a bridge over troubled waters to leave no one behind. Systems have been created that have never existed before, and we reflect with humility, and gratitude.

In June 2022, the American Federation Dollar was established as a gold-backed asset at the current rate of \$1,850 per ounce. Now at the end of 2025, it has escalated to \$4,360. Reflection, humility and gratitude ❤️.

The America Federation Treasury has held the AFD at the exchange rate of 1:1. That means if you moved your FRNs to the safety vault, 1 AFD would now be worth \$436 USD.

The safety vault is open to all people, and we reflect with humility and gratitude...
